

MATHS
NO PROBLEM!

Whether you are new to Maths No Problem and want to find out more or have already implemented aspects and want to find out where your school would like to go next, our Maths No Problem Open Mornings are for you.

During the morning you will have a chance to:

- ◆ Visit classrooms to see lessons in action.
- ◆ Unpick teaching pedagogy behind the lesson structure.
- ◆ A chance to discuss and ask questions about anything that you see with a member of SLT experienced in leading on MNP.
- ◆ Discuss possible implementation strategies
- ◆ Look at textbooks, workbooks and journals
- ◆ If you let us know in advance we can ensure that you see specific aspects that you are interested in.

Open Day Dates:
