**Starting nursery?**

- Visited the nursery
- Settling in sessions
- Check vaccines are up to date

Pre-school jabs include:

- MMR1 at 1 year
- MMR2 at 3 years 4 months
- Booster at 3 years 4 months

When your child starts nursery they will be learning and playing with more children. If they are not up to date with their jabs, they could be at risk of catching preventable diseases.

Check their personal health record (Red Book) and contact the GP surgery to ensure your child has had all their routine vaccinations. To get the best protection for your child, they need to have had two doses of MMR vaccine and be up to date with all their routine vaccinations.

**For a full checklist of all the vaccines and the ages at which they should ideally be given visit: [www.nhs.uk/conditions/vaccinations](http://www.nhs.uk/conditions/vaccinations)**
