

Where to start with Miss Amada!? We asked all the children in year 6 to write down their favourite memory of her every single child wrote about the same two things: her kindness and her smile.

Miss Amanda was one of the kindest adults we have ever met. When we started at Scott Wilkie as nervous and shy 4 year olds, she made us feel welcome and loved. She adored working with small children and took care of each pupil as if they were her own child. She could always spot if someone was having a bad day and went out of her way to show them little acts of kindness to make them feel better. Everyone knew they could go to her with a problem and she would help them however she could. In the classroom, she made it her personal mission to help every child with whatever they were struggling with, whether that was their times tables or learning English. She also supported us in performing arts, making sure we were prepared for the shows and looking our best.

Miss Amanda was a comedian or at least she thought she was! She was always cracking jokes like 'Knock Knock. Who's there? Ach. Ach who? Bless you.' Or creeping behind us and shouting boo! She was always very upbeat and optimistic, no matter what the situation was. None of us could remember ever seeing her in a bad mood! She lived by the motto 'Always smile' and anytime we saw her around the school she was smiling and laughing. We will always remember her smile- it truly lit up the room.

Miss Amanda has touched the heart of every child she has worked with and we will never forget her. Every time we see a rainbow now we think of her- shining bright and bold, making us smile even during a bad day!
